Costa Mesa, CA 92626

Dear Board Members,

I wanted to thank you for the opportunity to participate in the Costa Mesa United Candidates' Forum this past week. It was a pleasure meeting many of you and hearing about the many positive accomplishments of the organization.

The City of Costa Mesa is much richer community because of Costa Mesa United's leadership and financial support to youth sports facilities and activities. It is commendable that you have such a strong organization with so many dedicated volunteers to help in this important work.

As a future school board Trustee I hope to have the opportunity to further strengthen the bonds between the city and school district to accomplish many more mutual goals that will benefit the youth and families in the community.

Thank you again.

Sincerely,

Loretta Zimmerman
